TYPES OF PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. IF YOU HAVE SPECIAL HEALTH CARE NEEDS, YOU SHOULD CAREFULLY READ THOSE SECTIONS THAT APPLY TO THOSE NEEDS. THE MEANINGS OF WORDS AND PHRASES IN ITALICS ARE DESCRIBED IN THE SECTION OF THIS BOOKLET ENTITLED DEFINITIONS.

Participating Providers. There are two kinds of *participating providers* in this *plan*:

- **PPO Providers** are providers who participate in a Blue Cross and/or Blue Shield Plan. PPO Providers have agreed to a rate they will accept as reimbursement for covered services that is generally lower than the rate charged by Traditional Providers. *Participating providers* have agreed to a rate they will accept as reimbursement for covered services.
- **Traditional Providers** are providers who might not participate in a Blue Cross and/or Blue Shield Plan, but have agreed to a rate they will accept as reimbursement for covered services for PPO members.

The level of benefits paid under this *plan* is determined as follows:

- If your *plan* identification card (ID card) shows a PPO suitcase logo and:
 - You go to a PPO Provider, you will get the higher level of benefits of this *plan*.
 - You go to a Traditional Provider because there are no PPO Providers in your area, you will get the higher level of benefits of this *plan*.
- If your ID card does NOT have a PPO suitcase logo, you must go to a Traditional Provider to get the higher level of benefits of this *plan*.

If you need details about a provider's license or training, or help choosing a *physician* who is right for you, call the Member Services number on the back of your ID card.

Please call the toll-free BlueCard Provider Access number on your ID card to find a *participating provider* in your area. A directory of PPO Providers is available upon request.

Certain categories of providers defined in this *benefit booklet* as *participating providers* may not be available in the Blue Cross and/or

Blue Shield Plan in the service area where you receive services. See "Co-Payments" in the SUMMARY OF BENEFITS section and "Maximum Allowed Amount" in the YOUR MEDICAL BENEFITS section for additional information on how health care services you obtain from such providers are covered.

Non-Participating Providers. *Non-participating providers* are providers which have not agreed to participate in a Blue Cross and/or Blue Shield Plan. They have not agreed to the reimbursement rates and other provisions.

The *claims administrator* has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. *Members* seeking services from *non-participating providers* could be balance billed by the *non-participating provider* for those services that are determined to be not payable as a result of these review processes and meets the criteria set forth in any applicable state regulations adopted pursuant to state law. A claim may also be determined to be not payable due to a provider's failure to submit medical records with the claims that are under review in these processes.

Physicians. "Physician" means more than an M.D. Certain other practitioners are included in this term as it is used throughout the *plan*. This doesn't mean they can provide every service that a medical doctor could; it just means that the *plan* will cover expense you incur from them when they're practicing within their specialty the same as if the care were provided by a medical doctor.

Other Health Care Providers. *Other health care providers* are neither *physicians* nor *hospitals*. See the definition of "Other Health Care Providers" in the DEFINITIONS section for a complete list of those providers. *Other health care providers* are not participating providers.

Reproductive Health Care Services. Some *hospitals* and other providers do not provide one or more of the following services that may be covered under your *plan* and that you or your dependent might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective *physician* or clinic, or call the Member Services telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

Care Outside the United States—BlueCross BlueShield Global Core

Prior to travel outside the United States, call the Member Services telephone number listed on your ID card to find out if your plan has BlueCross BlueShield Global Core benefits. The *claims administrator* recommends:

- Before you leave home, call the Member Services number on your ID card for coverage details. **You have coverage for services and supplies furnished in connection only with *urgent care* or an *emergency* when travelling outside the United States.**
- Always carry your current ID card.
- In an emergency, seek medical treatment immediately.
- **The BlueCross BlueShield Global Core Service Center is available 24 hours a day, seven days a week toll-free at (800) 810-BLUE (2583) or by calling collect at (804) 673-1177.** An assistance coordinator, along with a medical professional, will arrange a *physician* appointment or hospitalization, if needed.

Payment Information

- **Participating BlueCross BlueShield Global Core hospitals.** In most cases, you should not have to pay upfront for inpatient care at participating BlueCross BlueShield Global Core *hospitals* except for the out-of-pocket costs you normally pay (non-covered services, deductible, copays, and coinsurance). The *hospital* should submit your claim on your behalf.
- **Doctors and/or non-participating hospitals.** You will have to pay upfront for outpatient services, care received from a *physician*, and inpatient care from a *hospital* that is not a participating BlueCross BlueShield Global Core *hospital*. Then you can complete a BlueCross BlueShield Global Core claim form and send it with the original bill(s) to the BlueCross BlueShield Global Core Service Center (the address is on the form).

Claim Filing

- **Participating BlueCross BlueShield Global Core hospitals will file your claim on your behalf.** You will have to pay the *hospital* for the out-of-pocket costs you normally pay.
- **You must file the claim** for outpatient and *physician* care, or inpatient *hospital* care not provided by a participating BlueCross BlueShield Global Core *hospital*. You will need to pay the health care provider and subsequently send an international claim form with the original bills to the *claims administrator*.

Additional Information About BlueCross BlueShield Global Core Claims.

- You are responsible, at your expense, for obtaining an English-language translation of foreign country provider claims and medical records.

- Exchange rates are determined as follows:
 - For inpatient *hospital* care, the rate is based on the date of admission.
 - For outpatient and professional services, the rate is based on the date the service is provided.

Claim Forms

- International claim forms are available from the *claims administrator*, from the BlueCross BlueShield Global Core Service Center, or online at:

www.bcbsglobalcore.com.

The address for submitting claims is on the form.

SUMMARY OF BENEFITS

YOUR EMPLOYER HAS AGREED TO BE SUBJECT TO THE TERMS AND CONDITIONS OF ANTHEM'S PROVIDER AGREEMENTS WHICH MAY INCLUDE PRE-SERVICE REVIEW AND UTILIZATION MANAGEMENT REQUIREMENTS, COORDINATION OF BENEFITS, TIMELY FILING LIMITS, AND OTHER REQUIREMENTS TO ADMINISTER THE BENEFITS UNDER THIS PLAN.

THE BENEFITS OF THIS PLAN ARE PROVIDED ONLY FOR THOSE SERVICES THAT ARE CONSIDERED TO BE MEDICALLY NECESSARY AS DEFINED IN THE BENEFIT BOOKLET. THE FACT THAT A PHYSICIAN PRESCRIBES OR ORDERS THE SERVICE DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY OR COVERED. CONSULT THIS BOOKLET OR TELEPHONE THE CLAIMS ADMINISTRATOR AT THE NUMBER SHOWN ON YOUR IDENTIFICATION CARD IF YOU HAVE ANY QUESTIONS REGARDING WHETHER SERVICES ARE COVERED.

THIS PLAN CONTAINS MANY IMPORTANT TERMS (SUCH AS "MEDICALLY NECESSARY" AND "MAXIMUM ALLOWED AMOUNT") THAT ARE DEFINED IN THE DEFINITIONS SECTION. WHEN READING THROUGH THIS BOOKLET, CONSULT THE DEFINITIONS SECTION TO BE SURE THAT YOU UNDERSTAND THE MEANINGS OF THESE ITALICIZED WORDS.

For your convenience, this summary provides a brief outline of your benefits. You need to refer to the entire *benefit booklet* for more complete information about the benefits, conditions, limitations and exclusions of your *plan*.

Mental Health Parity and Addiction Equity Act. The Mental Health Parity and Addiction Equity Act provides for parity in the application of aggregate treatment limitations (day or visit limits) on mental health and substance abuse benefits with day or visit limits on medical and surgical benefits. In general, group health plans offering mental health and substance abuse benefits cannot set day/visit limits on mental health or substance abuse benefits that are lower than any such day or visit limits for medical and surgical benefits. A plan that does not impose day or visit limits on medical and surgical benefits may not impose such day or visit limits on mental health and substance abuse benefits offered under the *plan*.

The Mental Health Parity and Addiction Equity Act also provides for parity in the application of non-quantitative treatment limitations (NQTL). An example of a non-quantitative treatment limitation is a precertification requirement.

Also, the *plan* may not impose deductibles, co-payments, co-insurance, and out of pocket expenses on mental health and substance abuse benefits that are more restrictive than deductibles, co-payments, co-insurance and out of pocket expenses applicable to other medical and surgical benefits.

Medical Necessity criteria and other plan documents showing comparative criteria, as well as the processes, strategies, evidentiary standards, and other factors used to apply an NQTL are available upon request.

Second Opinions. If you have a question about your condition or about a plan of treatment which your *physician* has recommended, you may receive a second medical opinion from another *physician*. This second opinion visit will be provided according to the benefits, limitations, and exclusions of this *plan*. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose a *participating provider*. You may also ask your *physician* to refer you to a *participating provider* to receive a second opinion.

All benefits are subject to coordination with benefits under certain other plans.

The benefits of this <i>plan</i> may be subject to the SUBROGATION AND REIMBURSEMENT section.

YOUR MEDICAL BENEFITS MAXIMUM ALLOWED AMOUNT

General

This section describes the term “*maximum allowed amount*” as used in this Benefit Booklet, and what the term means to you when obtaining covered services under this *plan*. The *maximum allowed amount* is the total reimbursement payable under your plan for covered services you receive from *participating* and *non-participating providers*. It is the *plan’s* payment towards the services billed by your provider combined with any Deductible or Co-Payment owed by you. In some cases, you may be required to pay the entire *maximum allowed amount*. For instance, if you have not met your Deductible under this *plan*, then you could be responsible for paying the entire *maximum allowed amount* for covered services. In addition, if these services are received from a *non-participating provider*, you may be billed by the provider for the difference between their charges and the *maximum allowed amount*. In many situations, this difference could be significant.

Provided below are two examples, which illustrate how the *maximum allowed amount* works. These examples are for illustration purposes only.

Example: The plan has a *member* Co-Payment of 30% for *participating provider* services after the Deductible has been met.

- The *member* receives services from a *participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *member’s* Co-Payment responsibility when a *participating* surgeon is used is 30% of \$1,000, or \$300. This is what the *member* pays. The plan pays 70% of \$1,000, or \$700. The *participating* surgeon accepts the total of \$1,000 as reimbursement for the surgery regardless of the charges.

Example: The plan has a *member* Co-Payment of 50% for *non-participating provider* services after the Deductible has been met.

- The *member* receives services from a *non-participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *member’s* Co-Payment responsibility when a *non-participating* surgeon is used is 50% of \$1,000, or \$500. The plan pays the remaining 50% of \$1,000, or \$500. In addition, the *non-participating* surgeon could bill the *member* the difference between \$2,000 and \$1,000. So the *member’s* total out-of-pocket

charge would be \$500 plus an additional \$1,000, for a total of \$1,500.

When you receive covered services, the *claims administrator* will, to the extent applicable, apply claim processing rules to the claim submitted. The *claims administrator* uses these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the *maximum allowed amount* if the *claims administrator* determines that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the *maximum allowed amount* will be based on the single procedure code.

Provider Network Status

The *maximum allowed amount* may vary depending upon whether the provider is a *participating provider*, a *non-participating provider* or *other health care provider*.

Participating Providers. For covered services performed by a *participating provider* the *maximum allowed amount* for this *plan* will be the rate the *participating provider* has agreed with the *claims administrator* to accept as reimbursement for the covered services. Because *participating providers* have agreed to accept the *maximum allowed amount* as payment in full for those covered services, they should not send you a bill or collect for amounts above the *maximum allowed amount*. However, you may receive a bill or be asked to pay all or a portion of the *maximum allowed amount* to the extent you have not met your Deductible or have a Co-Payment. Please call the Member Services telephone number on your ID card for help in finding a *participating provider* or visit www.anthem.com/ca.

If you go to a *hospital* which is a *participating provider*, you should not assume all providers in that *hospital* are also *participating providers*. To receive the greater benefits afforded when covered services are provided by a *participating provider*, you should request that all your provider services (such as services by an anesthesiologist) be performed by *participating providers* whenever you enter a *hospital*.

If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an *ambulatory surgical center*. An *ambulatory surgical center* is licensed as a separate facility even though it may be located on the same grounds as a *hospital* (although this is not always the case). If the center is licensed separately, you should find out if the facility is a *participating provider* before undergoing the surgery.

Note: If an *other health care provider* is participating in a Blue Cross and/or Blue Shield Plan at the time you receive services, such provider will be considered a *participating provider* for the purposes of determining the *maximum allowed amount*.

If a provider defined in this *benefit booklet* as a *participating provider* is of a type not represented in the local Blue Cross and/or Blue Shield Plan at the time you receive services, such provider will be considered a *non-participating provider* for the purposes of determining the *maximum allowed amount*.

Non-Participating Providers and Other Health Care Providers.*

Providers who are not in the Prudent Buyer network are *non-participating providers* or *other health care providers*, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. For covered services you receive from a *non-participating provider* or *other health care provider*, the *maximum allowed amount* will be based on the applicable *non-participating provider* rate or fee schedule for this *plan*, an amount negotiated by the *claims administrator* or a third party vendor which has been agreed to by the *non-participating provider*, an amount derived from the total charges billed by the *non-participating provider*, or an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services (“CMS”). When basing the *maximum allowed amount* upon the level or method of reimbursement used by CMS, the *claims administrator* will update such information, which is unadjusted for geographic locality, no less than annually.

Providers who are not contracted for this product, but are contracted for other products, are also considered *non-participating providers*. For this *plan*, the *maximum allowed amount* for services from these providers will be one of the methods shown above unless the provider’s contract specifies a different amount.

For covered services rendered outside the Anthem Blue Cross service area by *non-participating providers*, claims may be priced using the local Blue Cross Blue Shield plan’s *non-participating provider* fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the *maximum allowed amount* for out of area claims may be based on billed charges, the pricing used if the healthcare services had been obtained within the Anthem Blue Cross service area, or a special negotiated price.

Unlike *participating providers*, *non-participating providers* and *other health care providers* may send you a bill and collect for the amount of the *non-participating provider’s* or *other health care provider’s* charge that exceeds the *maximum allowed amount* under this *plan*. You may be

responsible for paying the difference between the *maximum allowed amount* and the amount the *non-participating provider* or *other health care provider* charges. This amount can be significant. Choosing a *participating provider* will likely result in lower out of pocket costs to you. Please call the Member Services number on your ID card for help in finding a *participating provider* or visit the website www.anthem.com/ca. Member Services is also available to assist you in determining this *plan's maximum allowed amount* for a particular *covered service* from a *non-participating provider* or *other health care provider*.

Please see the "Inter-Plan Arrangements" provision in the section entitled GENERAL PROVISIONS for additional information.

***Exceptions:**

- **Clinical Trials.** The maximum *allowed amount* for services and supplies provided in connection with Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a *participating provider*.
- **Flu Shots.** The maximum *allowed amount* for services and supplies provided in connection with a flu shot will be the billed charge.
- **If Medicare is the primary payor, the maximum allowed amount does not include any charge:**
 1. By a *hospital*, in excess of the approved amount as determined by Medicare; or
 2. By a *physician* or *other health care provider*, in excess of the lesser of the *maximum allowed amount* stated above, or:
 - a. For providers who accept Medicare assignment, the approved amount as determined by Medicare; or
 - b. For providers who do not accept Medicare assignment, the limiting charge as determined by Medicare.

You will always be responsible for expense incurred which is not covered under this *plan*.

MEMBER COST SHARE

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the *maximum allowed amount* as your cost share amount (Deductibles or Co-Payments). Your cost share amount and the Out-Of-Pocket Amounts may be different depending on whether you received covered services from a *participating provider* or *non-participating provider*. Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when

using *non-participating providers*. Please see the SUMMARY OF BENEFITS section for your cost share responsibilities and limitations, or call the Member Services telephone number on your ID card to learn how this *plan's* benefits or cost share amount may vary by the type of provider you use.

The *claims administrator* will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by a *participating provider* or *non-participating provider*. Non-covered services include services specifically excluded from coverage by the terms of your plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

In some instances you may only be asked to pay the lower *participating provider* cost share percentage when you use a *non-participating provider*. For example, if you go to a *participating* hospital or facility and receive covered services from a *non-participating provider* such as a radiologist, anesthesiologist or pathologist providing services at the hospital or facility, you will pay the *participating provider* cost share percentage of the *maximum allowed amount* for those covered services. However, you also may be liable for the difference between the *maximum allowed amount* and the *non-participating provider's* charge.

AUTHORIZED REFERRALS

In some circumstances the *claims administrator* may authorize *participating provider* cost share amounts (Deductibles or Co-Payments) to apply to a claim for a covered service you receive from a *non-participating provider*. In such circumstance, you or your *physician* must contact the *claims administrator* in advance of obtaining the covered service. It is your responsibility to ensure that the *claims administrator* has been contacted. If the *claims administrator* authorizes a *participating provider* cost share amount to apply to a covered service received from a *non-participating provider*, you also may still be liable for the difference between the *maximum allowed amount* and the *non-participating provider's* charge. Please call the Member Services telephone number on your ID card for *authorized referral* information or to request authorization.

DEDUCTIBLES, CO-PAYMENTS, MEDICAL AND PRESCRIPTION DRUG OUT-OF-POCKET AMOUNTS, AND MEDICAL BENEFIT MAXIMUMS

After subtracting any applicable deductible and your Co-Payment, benefits will be paid up to the *maximum allowed amount*, not to exceed any applicable Medical Benefit Maximum. The Deductible amounts, Co-Payments, Out-Of-Pocket Amounts and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

DEDUCTIBLES

Each deductible under this *plan* is separate and distinct from the other. Only the covered charges that make up the *maximum allowed amount* will apply toward the satisfaction of any deductible except as specifically indicated in this booklet.

Calendar Year Deductible. Each *year*, you will be responsible for satisfying the Individual Calendar Year Deductible before benefits are paid. If members of an enrolled family pay deductible expense in a *year* equal to the Family Deductible, the Calendar Year Deductible for all family members will be considered to have been met.

Participating Providers, and Other Health Care Providers. Covered charges up to the *maximum allowed amount* for the services of all providers will be applied to the *participating provider* and *other health care provider* Calendar Year and Family Deductibles. When these deductibles are met, however, the *plan* will pay benefits only for the services of *participating providers*, and *other health care providers*. The *plan* will not pay any benefits for *non-participating providers* unless the separate *non-participating provider* Calendar Year or Family Deductible (as applicable) is met.

Non-Participating Providers. Covered charges up to the *maximum allowed amount* for the services of all providers will be applied to the *non-participating provider* Calendar Year and Family Deductibles. The *plan* will pay benefits for the services of *non-participating providers* only when the applicable *non-participating provider* deductible is met.

Prior Plan Calendar Year Deductibles. If you were covered under the *prior plan* any amount paid during the same *calendar year* toward your calendar year deductible under the *prior plan*, will be applied toward your Calendar Year Deductible under this *plan*; provided, such payments were for charges that would be covered under this *plan*.

Non-Certification Deductible

Each time you are admitted to a *hospital* or *residential treatment center* or have outpatient surgery at an *ambulatory surgical center* without properly obtaining certification, you are responsible for paying the Non-Certification Deductible. This deductible will not apply to an *emergency* admission or procedure, services provided at a *participating provider*, or to *medically necessary* inpatient facility services available to you through the BlueCard Program. Certification is explained in UTILIZATION REVIEW PROGRAM.

Note: You will no longer be responsible for paying for the Non-Certification Deductible for the remainder of the *year* once your Out-of-Pocket Amount is reached (see the SUMMARY OF BENEFITS section for details).

CO-PAYMENTS

After you have satisfied any applicable deductible, your Co-Payment will be subtracted from the *maximum allowed amount* remaining.

If your Co-Payment is a percentage, the applicable percentage will apply to the *maximum allowed amount* remaining after any deductible has been met. This will determine the dollar amount of your Co-Payment.

MEDICAL AND PRESCRIPTION DRUG OUT-OF-POCKET AMOUNTS

Note: Any expense applied to any deductible and any Co-payments for prescription drugs (provided under your Caremark drug plan) will apply toward the satisfaction of the Out-Of-Pocket Amount.

Satisfaction of the Out-Of-Pocket Amount. If, **after** you have met your Calendar Year Deductible, you pay Co-Payments equal to your Out-Of-Pocket Amount per *member* during a *calendar year*, you will no longer be required to make Co-Payments for any additional covered services or supplies during the remainder of that *year*, except as specifically stated below under Charges Which Do Not Apply Toward the Out-of-Pocket Amount.

Participating Providers, Participating Pharmacies and Other Health Care Providers. Covered charges up to the *maximum allowed amount* for the services of all providers will be applied to the *participating provider*, participating pharmacy and *other health care provider* Out-Of-Pocket Amount.

After this Out-Of-Pocket Amount per *member* has been satisfied during a *calendar year*, you will no longer be required to make any Co-Payment for the covered services provided by a *participating provider*, participating pharmacy or *other health care provider* for the remainder of that *year*. You will continue to be required to make Co-Payments for the covered services of a *non-participating provider* or non-participating pharmacy until the *non-participating provider* and non-participating pharmacy Out-of-Pocket Amount has been met.

Non-Participating Providers and Non-Participating Pharmacies.

Covered charges up to the *maximum allowed amount* for the services of all providers will be applied to the *non-participating provider* and non-participating pharmacy Out-Of-Pocket Amount. After this Out-Of-Pocket Amount per *member* has been satisfied during a *calendar year*, you will no longer be required to make any Co-Payment for the covered services provided by a *non-participating provider* and non-participating pharmacy for the remainder of that *year*.

Charges Which Do Not Apply Toward the Out-Of-Pocket Amount.

The following charges will not be applied toward satisfaction of an Out-Of-Pocket Amount:

- Charges for services or supplies not covered under this *plan*.
- Charges which exceed the *maximum allowed amount*.

MEDICAL BENEFIT MAXIMUMS

The *plan* does not make benefit payments for any *member* in excess of any of the Medical Benefit Maximums.

Prior Plan Maximum Benefits. If you were covered under the *prior plan*, any benefits paid to you under the *prior plan* will reduce any maximum amounts you are eligible for under this *plan* which apply to the same benefit.

CREDITING PRIOR PLAN COVERAGE

If you were covered by the *plan administrator's prior plan* immediately before the *plan administrator* signs up with the *claims administrator*, with no lapse in coverage, then you will get credit for any accrued Calendar Year Deductible and, if applicable and approved by the *claims administrator*, Out of Pocket Amounts under the *prior plan*. This does not apply to individuals who were not covered by the *prior plan* on the day before the *plan administrator's* coverage with the *claims administrator* began, or who join the *plan administrator* later.

If the *plan administrator* moves from one of the *claims administrator's* plans to another, (for example, changes its coverage from HMO to PPO), and you were covered by the other product immediately before enrolling in this product with no break in coverage, then you may get credit for any accrued Calendar Year Deductible and Out of Pocket Amounts, if applicable and approved by the *claims administrator*. Any maximums, when applicable, will be carried over and charged against the Medical Benefit Maximums under this *plan*.

If the *plan administrator* offers more than one of the *claims administrator's* products, and you change from one product to another with no break in coverage, you will get credit for any accrued Calendar Year Deductible and, if applicable, Out of Pocket Amounts and any maximums will be carried over and charged against Medical Benefit Maximums under this *plan*.

If the *plan administrator* offers coverage through other products or carriers in addition to the *claims administrator's*, and you change products or carriers to enroll in this product with no break in coverage, you will get credit for any accrued Calendar Year Deductible, Out of Pocket Amount, and any Medical Benefit Maximums under this *plan*.

This Section Does Not Apply To You If:

- The *plan administrator* moves to this *plan* at the beginning of a *calendar year*;
- You change from one of the *claims administrator's* individual policies to the *plan administrator's* plan;
- You change employers; or
- You are a new *member* of the *plan administrator* who joins after the *plan administrator's* initial enrollment with the *claims administrator*.

2. The expense must be for a medical service or supply furnished to you as a result of illness or injury or pregnancy, unless a specific exception is made.
3. The expense must be for a medical service or supply included in MEDICAL CARE THAT IS COVERED. Additional limits on covered charges are included under specific benefits and in the SUMMARY OF BENEFITS.

Benefits are provided only for the number of days required to treat your illness or injury.
7. All services and supplies must be ordered by a *physician*.

MEDICAL CARE THAT IS COVERED

Hospital

1. Inpatient services and supplies, provided by a *hospital*. The *maximum allowed amount* will not include charges in excess of the *hospital's* prevailing two-bed room rate unless your *physician* orders, and the *claims administrator* authorizes, a private room as *medically necessary*.
2. Services in *special care units*.
3. Outpatient services and supplies provided by a *hospital*, including outpatient surgery.

Skilled Nursing Facility. Inpatient services and supplies provided by a *skilled nursing facility*, for up to 60 days per *calendar year*. The amount by which your room charge exceeds the prevailing two-bed room rate of the *skilled nursing facility* is not considered covered under this plan.

Other organizations may give services only when approved by the *claims administrator*, and their duties must be assigned and supervised by a professional nurse on the staff of the *home health agency* or other provider as approved by the *claims administrator*.
5. *Medically necessary* supplies provided by the *home health agency*.

When available in your area, benefits are also available for *intensive in-home behavioral health services*. These do not require confinement to

the home. These services are described in the MENTAL HEALTH CONDITIONS OR SUBSTANCE ABUSE section below.

In no event will benefits exceed 100 visits during a *calendar year*. One home health visit by a home health aide is defined as a period of covered service of up to four hours during any one day.

Home health care services are not covered if received while you are receiving benefits under the "Hospice Care" provision of this section.

Hospice Care. You are eligible for *hospice* care if your *physician* and the *hospice* medical director certify that you are terminally ill and likely have less than twelve (12) months to live. You may access *hospice* care while participating in a clinical trial or continuing disease modifying therapy, as ordered by your treating *physician*. Disease modifying therapy treats the underlying terminal illness.

The services and supplies listed below are covered when provided by a *hospice* for the palliative treatment of pain and other symptoms associated with a terminal disease. Covered services include:

1. Interdisciplinary team care with the development and maintenance of an appropriate plan of care.

Your immediate family means your spouse, children, step-children, parents, and siblings.
10. Palliative care (care which controls pain and relieves symptoms, but does not cure) which is appropriate for the illness.

Your *physician* must consent to your care by the *hospice* and must be consulted in the development of your treatment plan. The *hospice* must submit a written treatment plan to the *claims administrator* every 30 days.

Benefits for services beyond those listed above that are given for disease modification or palliation, such as but not limited to chemotherapy and radiation therapy, are available to a *member* in *hospice*. These services are covered under other parts of this *plan*.

Home infusion therapy provider services are subject to pre-service review to determine medical necessity. See UTILIZATION REVIEW PROGRAM for details.

Ambulance. Ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:

- For ground ambulance, you are transported:
 - From your home, or from the scene of an accident or medical *emergency*, to a *hospital*,
 - Between *hospitals*, including when you are required to move from a *hospital* that does not contract with the *claims administrator* to one that does, or
 - Between a *hospital* and a *skilled nursing facility* or other approved facility.
- For air or water ambulance, you are transported:
 - From the scene of an accident or medical *emergency* to a *hospital*,
 - Between hospitals, including when you are required to move from a hospital that does not contract with the *claims administrator* to one that does, or
 - Between a hospital and another approved facility.

Non-emergency ambulance services are subject to medical necessity reviews. *Emergency* ground ambulance services do not require pre-service review. Pre-service review is required for air ambulance in a non-medical *emergency*. When using an air ambulance in a non-emergency situation, the *claims administrator* reserves the right to select the air ambulance provider. If you do not use the air ambulance the *claims administrator* selects in a non-emergency situation, no coverage will be provided.

You must be taken to the nearest facility that can provide care for your condition. In certain cases, coverage may be approved for transportation to a facility that is not the nearest facility.

Coverage includes *medically necessary* treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a *hospital*. If provided through the 911 emergency response system*, ambulance services are covered if you reasonably believed that a medical *emergency* existed even if you are not transported to a *hospital*. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your *family members* or *physician* are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A *physician's* office or clinic;
- A morgue or funeral home.

If provided through the 911 emergency response system*, ambulance services are covered if you reasonably believed that a medical *emergency* existed even if you are not transported to a *hospital*.

Important information about air ambulance coverage. Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a *hospital* than the ground ambulance can provide, this *plan* will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a *hospital* that is not an acute care *hospital* (such as a skilled nursing facility or a rehabilitation facility), or if you are taken to a *physician's* office or to your home.

Hospital to hospital transport: If you are being transported from one *hospital* to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the *hospital* that first treats you cannot give you the medical services you need. Certain specialized services are not available at all *hospitals*. For example, burn care, cardiac care, trauma care, and critical care are only available at certain *hospitals*. For services to be covered, you must be taken to the closest *hospital* that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your *physician* prefers a specific *hospital* or *physician*.

- * If you have an *emergency* medical condition that requires an emergency response, please call the "911" emergency response system if you are in an area where the system is established and operating.

The *claims administrator* will make the final determination as to whether the dental treatment could have been safely rendered in another setting due to the nature of the procedure or your medical condition. *Hospital stays* for the purpose of administering general anesthesia are not considered necessary and are not covered except as specified in #2, below.
2. **General Anesthesia.** General anesthesia and associated facility charges when your clinical status or underlying medical condition requires that dental procedures be rendered in a *hospital* or *ambulatory surgical center*. Transplant Services. Services provided in connection with a non-investigative organ or tissue transplant, if you are:

1. the organ or tissue recipient; or
2. the organ or tissue donor.

Benefits for an organ donor are as follows:

- When both the person donating the organ and the person getting the organ are covered *members* under this *plan*, each will get benefits under their plans.

- When the person getting the organ is a covered *member* under this *plan*, but the person donating the organ is not, benefits under this *plan* are limited to benefits not available to the donor from any other source. This includes, but is not limited to, other insurance, grants, foundations, and government programs.
- If a *member* covered under this *plan* is donating the organ to someone who is **not** a covered *member*, benefits are not available under this *plan*.

The *maximum allowed amount* does not include charges for services received without first obtaining pre-service review from the *claims administrator*, or which are provided at a facility other than an approved transplant center. See UTILIZATION REVIEW PROGRAM for details.

To maximize your benefits, you should call the Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation or work-up for a transplant. The *claims administrator* will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, or exclusions apply. Call the Member Services phone number on the back of your ID card and ask for the transplant coordinator.

You or your *physician* must call the Transplant Department for pre-service review prior to the transplant, whether it is performed in an inpatient or outpatient setting. Prior authorization is required before benefits for a transplant will be provided. Your *physician* must certify, and the *claims administrator* must agree, that the transplant is *medically necessary*. Your *physician* should send a written request for prior authorization to the *claims administrator* as soon as possible to start this process. Not getting prior authorization will result in a denial of benefits.

Please note that your *physician* may ask for approval for HLA (human leukocyte antigen) testing, donor searches, or collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for medical necessity and may be approved. However, such an approval for HLA testing, donor search, or collection and storage is NOT an approval for the later transplant. A separate medical necessity decision will be needed for the transplant itself.

Transgender Services. Services and supplies provided in connection with gender transition when you have been diagnosed with gender identity disorder or gender dysphoria by a *physician*. This coverage is provided according to the terms and conditions of the *plan* that apply to all other covered medical conditions, including medical necessity

requirements, utilization management, and exclusions for *cosmetic services*. Coverage includes, but is not limited to, *medically necessary* services related to gender transition such as transgender surgery, hormone therapy, psychotherapy, and vocal training.

Coverage is provided for specific services according to *plan* benefits that apply to that type of service generally, if the *plan* includes coverage for the service in question. If a specific coverage is not included, the service will not be covered. For example, transgender surgery would be covered on the same basis as any other covered, *medically necessary* surgery; hormone therapy would be covered under the *plan's prescription drug* benefits (if such benefits are included).

Transgender services are subject to prior authorization in order for coverage to be provided. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

Preventive Care Services. Preventive care includes screenings and other services for adults and children. All recommended preventive services will be covered as required by the Affordable Care Act (ACA) and applicable state law. It also includes follow-up services related to the *drugs*, devices, products and procedures, including but not limited to management of side effects, counseling for continued adherence, and device insertion and removal.

At least one form of contraception in each of the methods identified in the FDA’s Birth Control Guide will be covered as preventive care under this section. If there is only one form of contraception in a given method, or if a form of contraception is deemed not medically advisable by a *physician*, the prescribed FDA-approved form of contraception will be covered as preventive care under this section.

In order to be covered as preventive care, contraceptive *prescription drugs* must be either a *generic* or *single-source brand name drug* (those without a *generic* equivalent). *Multi-source brand name drugs* (those with a *generic* equivalent) will be covered as *preventive care services* when *medically necessary* according to your attending *physician*, otherwise they will be covered under your *plan’s* prescription drug benefits.

SUBROGATION AND REIMBURSEMENT

These provisions apply when the *plan* pays benefits as a result of injuries or illnesses you sustained and you have a right to a Recovery or have received a Recovery from any source. A "Recovery" includes, but is not limited to, monies received from any person or party, any person's or party's liability insurance, uninsured/underinsured motorist proceeds, worker's compensation insurance or fund, "no-fault" insurance and/or automobile medical payments coverage, whether by lawsuit, settlement or otherwise. Regardless of how you or your representative or any agreements characterize the money you receive as a Recovery, it shall be subject to these provisions.

Subrogation

The *plan* has the right to recover payments it makes on your behalf from any party responsible for compensating you for your illnesses or injuries. The following apply:

- The *plan* has first priority from any Recovery for the full amount of benefits it has paid regardless of whether you are fully compensated, and regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.
- You and your legal representative must do whatever is necessary to enable the *plan* to exercise the *plan's* rights and do nothing to prejudice those rights.
- In the event that you or your legal representative fail to do whatever is necessary to enable the *plan* to exercise its subrogation rights, the *plan* shall be entitled to deduct the amount the *plan* paid from any future benefits under the *plan*.
- The *plan* has the right to take whatever legal action it sees fit against any person, party or entity to recover the benefits paid under the *plan*.
- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the *plan's* subrogation claim and any claim held by you, the *plan's* subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs.
- The *plan* is not responsible for any attorney fees, attorney liens, other expenses or costs you incur. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the *plan*.

Reimbursement

If you obtain a Recovery and the *plan* has not been repaid for the benefits the *plan* paid on your behalf, the *plan* shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf and the following provisions will apply:

- You must reimburse the *plan* from any Recovery to the extent of benefits the *plan* paid on your behalf regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.
- Notwithstanding any allocation or designation of your Recovery (e.g., pain and suffering) made in a settlement agreement or court order, the *plan* shall have a right of full recovery, in first priority, against any Recovery. Further, the *plan's* rights will not be reduced due to your negligence.
- You and your legal representative must hold in trust for the *plan* the proceeds of the gross Recovery (*i.e.*, the total amount of your Recovery before attorney fees, other expenses or costs) to be paid to the *plan* immediately upon your receipt of the Recovery. You and your legal representative acknowledge that the portion of the Recovery to which the *plan's* equitable lien applies is a *plan* asset.
- Any Recovery you obtain must not be dissipated or disbursed until such time as the *plan* has been repaid in accordance with these provisions.
- You must reimburse the *plan*, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the *plan*.
- If you fail to repay the *plan*, the *plan* shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the *plan* has paid or the amount of your Recovery whichever is less, from any future benefit under the *plan* if:
 1. The amount the *plan* paid on your behalf is not repaid or otherwise recovered by the *plan*; or
 2. You fail to cooperate.
- In the event that you fail to disclose the amount of your settlement to the *plan*, the *plan* shall be entitled to deduct the amount of the *plan's* lien from any future benefit under the *plan*.

- The *plan* shall also be entitled to recover any of the unsatisfied portion of the amount the *plan* has paid or the amount of your Recovery, whichever is less, directly from the Providers to whom the *plan* has made payments on your behalf. In such a circumstance, it may then be your obligation to pay the Provider the full billed amount, and the *plan* will not have any obligation to pay the Provider or reimburse you.
- The *plan* is entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate you or make you whole.

Your Duties

- You must promptly notify the *plan* of how, when and where an accident or incident resulting in personal injury or illness to you occurred and all information regarding the parties involved and any other information requested by the *plan*.
- You must cooperate with the *plan* in the investigation, settlement and protection of the *plan's* rights. In the event that you or your legal representative fail to do whatever is necessary to enable the *plan* to exercise its subrogation or reimbursement rights, the *plan* shall be entitled to deduct the amount the *plan* paid from any future benefits under the *plan*.
- You must not do anything to prejudice the *plan's* rights.
- You must send the *plan* copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to you.
- You must promptly notify the *plan* if you retain an attorney or if a lawsuit is filed on your behalf.
- You must immediately notify the *plan* if a trial is commenced, if a settlement occurs or if potentially dispositive motions are filed in a case.

The *plan administrator* has sole discretion to interpret the terms of the Subrogation and Reimbursement provision of this *plan* in its entirety and reserves the right to make changes as it deems necessary.

If the covered person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision. Likewise, if the covered person's relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, that Recovery shall be subject to this provision.

The *plan* is entitled to recover its attorney's fees and costs incurred in enforcing this provision.

The *plan* shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy or personal injury protection policy regardless of any election made by you to the contrary. The *plan* shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies.

COORDINATION OF BENEFITS

If you are covered by more than one group medical plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans, as shown below. These coordination provisions apply separately to each *member* and per *calendar year*. Any coverage you have for medical or dental benefits will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this "Definitions" provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom a claim is made is not an Allowable Expense.

The following are not Allowable Expense:

1. Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private *hospital* room is *medically necessary* in terms of generally accepted medical practice, or one of the plans routinely provides coverage for *hospital* private rooms.
2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.
3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.

4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.
5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan's provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.
6. If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan's deductible.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trustee plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.
4. Medicare. This does not include Medicare when, by law, its benefits are secondary to those of any private insurance program or other non-governmental program, including a self-insured program.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

Principal Plan is the plan which will have its benefits determined first.

This Plan is that portion of this *plan* which provides benefits subject to this provision.

EFFECT ON BENEFITS

This provision will apply in determining a person's benefits under This Plan for any *calendar year* if the benefits under This Plan and any Other Plans, exceed the Allowable Expenses for that *calendar year*.

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.
2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

ORDER OF BENEFITS DETERMINATION

The first of the following rules which applies will determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision. This would include Medicare in all cases, except when the law requires that This Plan pays before Medicare.
2. A plan which covers you as a *subscriber* pays before a plan which covers you as a dependent. But, if you are retired and eligible for Medicare, Medicare pays (a) after the plan which covers you as a dependent of an active employee, but (b) before the plan which covers you as a retired employee.

For example: You are covered as a retired employee under this plan and entitled to Medicare (Medicare would normally pay first). You are also covered as a dependent of an active employee under another plan (in which case Medicare would pay second). In this situation, the plan which covers you as a dependent will pay first, Medicare will pay second, and the plan which covers you as a retired employee would pay last.

3. For a dependent *child* covered under plans of two parents, the plan of the parent whose birthday falls earlier in the *calendar year* pays before the plan of the parent whose birthday falls later in the *calendar year*. But if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

Exception to rule 3: For a dependent *child* of parents who are divorced or separated, the following rules will be used in place of Rule 3:

- a. If the parent with custody of that *child* for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that *child* as a dependent pays first.
 - b. If the parent with custody of that *child* for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:
 - i. The plan which covers that *child* as a dependent of the parent with custody.
 - ii. The plan which covers that *child* as a dependent of the stepparent (married to the parent with custody).
 - iii. The plan which covers that *child* as a dependent of the parent without custody.
 - iv. The plan which covers that *child* as a dependent of the stepparent (married to the parent without custody).
 - c. Regardless of a and b above, if there is a court decree which establishes a parent's financial responsibility for that *child's* health care coverage, a plan which covers that *child* as a dependent of that parent pays first.
4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But if either plan does not have a provision regarding laid-off or retired employees, provision 6 applies.
 5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the Order of Benefit Determination provisions of This Plan, this rule will not apply.
 6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

OUR RIGHTS UNDER THIS PROVISION

Responsibility For Timely Notice. We are not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The reasonable cash value of such service will be considered a benefit paid, and our liability reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, we have the right to pay that Other Plan any amount we determine to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy our liability under this provision.

Right of Recovery. If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, we have the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.

BENEFITS FOR MEDICARE ELIGIBLE MEMBERS

Any benefits provided under both this *plan* and Medicare will be provided according to Medicare Secondary Payer legislation, regulations, and Centers for Medicare & Medicaid Services guidelines, subject to federal court decisions. Federal law controls whenever there is a conflict among state law, terms of this *plan*, and federal law.

If you are entitled to Medicare and covered under this *plan* as an active employee, or as a dependent of an active employee, this *plan* will generally pay first and Medicare will pay second, unless:

1. *Members* who are receiving treatment for end-stage renal disease following the first 30 months are entitled to end-stage renal disease benefits under Medicare; and
2. *Members* who are entitled to Medicare benefits as disabled persons; unless, the *members* have a current employment status, as determined by Medicare rules, through a group of 100 or more employees (according to OBRA legislation).

In cases where either of the above exceptions 1 or 2 apply, payment will be determined according to the provisions in the section entitled COORDINATION OF BENEFITS and the provision "Coordinating Benefits With Medicare", below.

Coordinating Benefits With Medicare. In general, when Medicare is the primary payor according to federal law, Medicare must provide benefits first to any services that are covered both by Medicare and under this *plan*. For any given claim, the combination of benefits provided by Medicare and under this *plan* will not exceed the *maximum allowed amount* for the covered services.

Except when federal law requires us to be the primary payer, the benefits under this *plan* for *members* age 65 and older, or for *members* who are otherwise eligible for Medicare (such as due to a disability or receiving treatment for end-stage renal disease), will not duplicate any benefit for which *members* are entitled under Medicare, including Medicare Part B. Where Medicare is the responsible primary payer, all sums payable by Medicare for services provided to you shall be reimbursed by or on your behalf to the *claims administrator*, to the extent the *claims administrator* has made primary payment for such services. For the purposes of the calculation of benefits, if you are eligible for Medicare but have not enrolled, the *claims administrator* will calculate benefits as if you had enrolled. **You should enroll in Medicare as soon as possible to avoid potential liability.**

UTILIZATION REVIEW PROGRAM

Your *plan* includes the process of utilization review to decide when services are *medically necessary* or *experimental / investigative* as those terms are defined in this booklet. Utilization review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed.

REVIEWING WHERE SERVICES ARE PROVIDED

A service must be *medically necessary* to be a covered service. When level of care, setting or place of service is reviewed, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be *medically necessary* if they are given in a higher level of care, or higher cost setting / place of care. This means that a request for a service may be denied because it is not *medically necessary* for the service to be provided where it is being requested. When this happens the service can be requested again in another place and will be reviewed again for medical necessity. At times a different provider or facility may need to be used in order for the service to be considered *medically necessary*. Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a *hospital* but may be approvable if provided on an outpatient basis at a *hospital*.
- A service may be denied on an outpatient basis at a *hospital* but may be approvable at a free standing imaging center, infusion center, ambulatory surgery center, or in a *physician's* office.
- A service may be denied at a *skilled nursing facility* but may be approvable in a home setting.

Utilization review criteria will be based on many sources including medical policy and clinical guidelines. The *claims administrator* may decide that a treatment that was asked for is not *medically necessary* if a clinically equivalent treatment that is more cost-effective is available and appropriate. "Clinically equivalent" means treatments that for most *members*, will give you similar results for a disease or condition.

If you have any questions about the utilization review process, the medical policies or clinical guidelines, you may call the Member Services phone number on the back of your ID card.

Coverage for or payment of the service or treatment reviewed is not guaranteed. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. The service or supply must be a covered service under your *plan*;

3. The service cannot be subject to an exclusion under your *plan* (please see MEDICAL CARE THAT IS NOT COVERED for more information); and
4. You must not have exceeded any applicable limits under your *plan*.

TYPES OF REVIEWS

- **Pre-service Review** – A review of a service, treatment or admission for a benefit coverage determination which is done before the service or treatment begins or admission date.
 - **Precertification** – A required pre-service review for a benefit coverage determination for a service or treatment. Certain services require precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of medical necessity or is *experimental / investigative* as those terms are defined in this booklet.

For admissions following an *emergency*, you, your authorized representative or *physician* must tell the *claims administrator* within 24 hours of the admission or as soon as possible within a reasonable period of time.

For childbirth admissions, precertification is not needed for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

For inpatient *hospital* stays for mastectomy surgery, including the length of *hospital* stays associated with mastectomy, precertification is not needed.

- **Continued Stay / Concurrent Review** – A utilization review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.
 - Both pre-service and continued stay / concurrent reviews may be considered urgent when, in the view of the treating provider or any *physician* with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.

- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a precertification, or when a needed precertification was not obtained. Post-service reviews are done for a service, treatment or admission in which the *plan* has a related clinical coverage guideline and are typically initiated by the *claims administrator*.

Services for which precertification is required (i.e., services that need to be reviewed by the *claims administrator* to determine whether they are *medically necessary*) include, but are not limited to the services listed below:

Note: When pre-service review is not performed as required, the benefits to which you would have been otherwise entitled will be subject to the Non-Certification Deductible shown in the SUMMARY OF BENEFITS.

- Scheduled, non-emergency inpatient *hospital stays* and *residential treatment center* admissions, including detoxification and rehabilitation.

Exceptions: Pre-service review is not required for inpatient *hospital stays* for the following services:

- ◆ Maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section, and
- ◆ Mastectomy and lymph node dissection.
- Outpatient surgery at an *ambulatory surgical center*.
- Authorizations for transplant services will be provided only if the *physicians* on the surgical team and the facility in which the transplant is to take place are approved for the transplant requested.
- A specified number of additional visits for physical therapy, physical medicine and occupational therapy if you need more visits than is provided under the “Physical Therapy, Physical Medicine or Occupational Therapy” provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. While there is no limit on the number of covered visits for *medically necessary* physical therapy, physical medicine, and occupational therapy, additional visits in excess of the stated number of visits must be authorized in advance.
- Services of a home infusion therapy provider if the attending *physician* has submitted both a prescription and a plan of treatment before services are rendered.

- All interventional spine pain, elective hip, knee, and shoulder arthroscopic/open sports medicine, and outpatient spine surgery procedures must be authorized in advance.
- Behavioral health treatment for pervasive developmental disorder or autism, as specified in the section BENEFITS FOR PERVASIVE DEVELOPMENTAL DISORDER OR AUTISM.
- Partial hospitalization, intensive outpatient programs, transcranial magnetic stimulation (TMS).
- Transgender services, as specified under the “Transgender Services” provision of YOUR MEDICAL BENEFITS: MEDICAL CARE THAT IS COVERED. You must be diagnosed with gender identity disorder or gender dysphoria by a *physician*.

For a list of current procedures requiring precertification, please call the toll-free number for Member Services printed on your Identification Card.

WHO IS RESPONSIBLE FOR PRECERTIFICATION?

Typically, *participating providers* know which services need precertification and will get any precertification when needed. Your *physician* and other *participating providers* have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering provider, *hospital* or attending *physician* (“requesting provider”) will get in touch with the *claims administrator* to ask for a precertification. However, you may request a precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for precertification and under what circumstances.

HOW DECISIONS ARE MADE

The *claims administrator* uses clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make medical necessity decisions. This includes

decisions about *prescription drugs* as detailed in the section “Prescription Drugs Obtained From Or Administered By a Medical Provider.” Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. The *claims administrator* reserves the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the precertification phone number on the back of your identification card.

If you are not satisfied with the *plan’s* decision under this section of your benefits, you may call the Member Services phone number on the back of your Identification Card to see what rights may be available to you.

DECISION AND NOTICE REQUIREMENTS

The *claims administrator* will review requests for medical necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, the *plan* will follow state laws. If you live in and/or get services in a state other than the state where your *plan* was issued, other state-specific requirements may apply. You may call the phone number on the back of your identification card for more details.

Request Category	Timeframe Requirement for Decision
Urgent Pre-Service Review	72 hours from the receipt of the request
Non-Urgent Pre-Service Review	15 business days from the receipt of the request
Continued Stay / Concurrent Review when hospitalized at the time of the request and no previous authorization exists	72 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received at least 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received less than 24 hours	72 hours from the receipt of the request

before the end of the previous authorization	
Non-Urgent Continued Stay / Concurrent Review	15 business days from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make a decision, the *claims administrator* will tell the requesting *physician* of the specific information needed to finish the review. If the specific information needed is not received by the required timeframe identified in the written notice, a decision will be based upon the present information.

The *claims administrator* will notify you and your *physician* of the *plan's* decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written and/or electronic.

For a copy of the medical necessity review process, please contact Member Services at the telephone number on the back of your Identification Card.

Revoking or modifying a Precertification Review decision. The *claims administrator* will determine **in advance** whether certain services (including procedures and admissions) are *medically necessary* and are the appropriate length of stay, if applicable. These review decisions may be revoked or modified prior to the service being rendered for reasons including but not limited to the following:

- Your coverage under this *plan* ends;
- The *agreement* with the *plan administrator* terminates;
- You reach a benefit maximum that applies to the service in question;
- Your benefits under the *plan* change so that the service is no longer covered or is covered in a different way.

HEALTH PLAN INDIVIDUAL CASE MANAGEMENT

The health plan individual case management program enables the *claims administrator* to assist you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, the *claims administrator* will discuss possible options for an alternative plan of treatment which may include services not covered under this *plan*. It is not your right to receive individual case management, nor does the *claims administrator* have an obligation to provide it; the *claims administrator* provides these services at their sole and absolute discretion.

HOW PERSONAL CASE MANAGEMENT WORKS

The health plan individual case management program (Case Management) helps coordinate services for *members* with health care needs due to serious, complex, and/or chronic health conditions. The programs coordinate benefits and educate *members* who agree to take part in the Case Management program to help meet their health-related needs.

The Case Management programs are confidential and voluntary, and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any covered services you are receiving.

If you meet program criteria and agree to take part, then *claims administrator* will help you meet your identified health care needs. This is reached through contact and team work with you and /or your chosen authorized representative, treating *physicians*, and other providers.

In addition, the *claims administrator* may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

Alternative Treatment Plan. In certain cases of severe or chronic illness or injury, the *plan* may provide benefits for alternate care that is not listed as a covered service. The *claims administrator* may also extend services beyond the benefit maximums of this *plan*. A decision will be made on a case-by-case basis by the *claims administrator* if it determines in its sole discretion that the alternate or extended benefit is in the best interest for you and the *plan* and you or your authorized representative agree to the alternate or extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other member. The *claims administrator* reserves the right, at any

time, to alter or stop providing extended benefits or approving alternate care. In such case, the *claims administrator* will notify you or your authorized representative in writing.

EXCEPTIONS TO THE UTILIZATION REVIEW PROGRAM

From time to time, the *claims administrator* may waive, enhance, modify, or discontinue certain medical management processes (including utilization management, case management, and disease management) if, in their discretion, such a change furthers the provision of cost effective, value based and quality services. In addition, the *claims administrator* may select certain qualifying health care providers to participate in a program or a provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. The *claims administrator* may also exempt claims from medical review if certain conditions apply.

If the *claims administrator* exempts a process, health care provider, or claim from the standards that would otherwise apply, the *claims administrator* is in no way obligated to do so in the future, or to do so for any other health care provider, claim, or *member*. The *claims administrator* may stop or modify any such exemption with or without advance notice.

The *claims administrator* also may identify certain providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a provider is selected under this program, then the *claims administrator* may use one or more clinical utilization management guidelines in the review of claims submitted by this provider, even if those guidelines are not used for all providers delivering services to this *plan's members*.

You may determine whether a health care provider participates in certain programs or a provider arrangement by checking the *claims administrator's* online provider directory on the website at www.anthemcom/ca or by calling the Member Services telephone number listed on your ID card.

1. **Timely Enrollment:** If you enroll for coverage before, on, or within 30 days after your eligibility date, then your coverage will begin as follows: (a) for *subscribers*, on your eligibility date; and (b) for *dependents*, on the later of (i) the date the *subscriber's* coverage begins, or (ii) the date the *dependent* becomes eligible. If you become eligible before the *plan* takes effect, coverage begins on the effective date of the *plan*, provided the on-line enrollment is on time and in order.
2. **Late Enrollment:** If you enroll on-line, using the *plan administrator's* on-line enrollment system more than 30 days after your eligibility date, your coverage will begin on the first day of the month following the next Open Enrollment Period.

Exception: If you do not enroll for coverage when you first become eligible, you will generally not have another chance to enroll until the annual Open Enrollment Period. Similarly, if you do not enroll your *spouse* or dependent *child(ren)* when they are first eligible for coverage, you generally may not add them to your coverage until the annual Open Enrollment Period. An important exception applies if

you experience a qualifying "change in family status," in which case, you may make coverage changes that are on account of and consistent with your change in family status.

Qualifying change in family status:

- Your marriage, divorce or legal separation;
- Birth or adoption (or placement for adoption) of a *child*;
- Death of your *spouse* or *dependent*;
- The start or end of your *spouse's* employment and benefit;
- A reduction or increase in the hours of employment for you and your *spouse*, including a switch between part-time and full-time status, a strike or lock out, or commencement or return from a leave of absence;
- You or your *dependents'* losing coverage under another health plan;
- A change in the place of residence or work site of you, or your *spouse* that affects medical plan eligibility; or
- A court issues a "qualified medical child support order" under which coverage for your *child* is required to be provided by you.

If you have a qualifying change in family status, you must notify the *plan administrator* within 30 days after it occurs by completing on-line enrollment. If you do not do so, you will be ineligible to change your coverage until the next Open Enrollment Period.

3. **Disenrollment:** You may not disenroll from this *plan* except during an Open Enrollment Period unless you have a change in family status. If you have a change in family status and voluntarily choose to disenroll from coverage under this *plan* within 30 days of that change in family status, you will be eligible to reapply for coverage as set forth in the "Enrollment" provision above, during the next Open Enrollment Period (see OPEN ENROLLMENT PERIOD).

For late enrollees and disenrollees: You may enroll earlier than the next Open Enrollment Period if you have a change in family status or meet any of the conditions listed under SPECIAL ENROLLMENT PERIODS.

Important Note for Newborn and Newly-Adopted Children. If the *subscriber* (or *spouse*, if the *spouse* is enrolled) is already covered:(1) any *child* born to the *subscriber* or *spouse* will be covered from the moment of birth; and (2) any *child* being adopted by the *subscriber* or *spouse* will be covered from the date on which either: (a) the adoptive *child's* birth parent, or other appropriate legal authority, signs a written document granting the *subscriber* or *spouse* the right to control the health care of the *child* (in the absence of a written document, other evidence of the *subscriber's* or *spouse's* right to control the health care of the *child* may be used); or (b) the *subscriber* or *spouse* assumed a legal obligation for full or partial financial responsibility for the *child* in anticipation of the *child's* adoption. The written document referred to above includes, but is not limited to, a health facility minor release report, a medical authorization form, or relinquishment form.

In both cases, coverage will be in effect for 30 days. For coverage to continue beyond this 30-day period, the *subscriber* must enroll the *child* within the 30-day period by completing the *plan administrator's* on-line enrollment.

Special Enrollment Periods

You may enroll without waiting for the next Open Enrollment Period if you are otherwise eligible under any one of the circumstances set forth below:

1. You have met all of the following requirements:
 - a. You were covered under another health plan as an individual or dependent under either:
 - i. Another employer group health plan or health insurance coverage, including coverage under a COBRA continuation; or
 - ii. A state Medicaid plan or under a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program.
 - b. You certified in writing at the time you became eligible for coverage under this *plan* that you were declining coverage under this *plan* or disenrolling because you were covered under another health plan and you were given written notice that if you choose to enroll later, you may be required to wait until the next Open Enrollment Period to do so.
 - c. Your coverage under the other health plan wherein you were covered as an individual or dependent ended as follows:

- i. If the other health plan was another employer group health plan or health insurance coverage, including coverage under a COBRA continuation, coverage ended because you lost eligibility under the other plan, your coverage under a COBRA continuation was exhausted, or employer contributions toward coverage under the other plan terminated. You must properly file an application with the *plan administrator* within 30 days after the date your coverage ends or the date employer contributions toward coverage under the other plan terminate.

Loss of eligibility for coverage under an employer group health plan or health insurance includes loss of eligibility due to termination of employment or change in employment status, reduction in the number of hours worked, loss of dependent status under the terms of the *plan*, termination of the other plan, legal separation, divorce, death of the person through whom you were covered, and any loss of eligibility for coverage after a period of time that is measured by reference to any of the foregoing.

- ii. If the other health plan was a state Medicaid plan or a state child health insurance program (SCHIP), including the Healthy Families Program or the Access for Infants and Mothers (AIM) Program, coverage ended because you lost eligibility under the program. You must properly file an application with the *plan administrator* within 60 days after the date your coverage ended.
2. A court has ordered coverage be provided for a *spouse* or dependent *child* under your employee health plan and on-line enrollment is completed within 30 days from the date the court order is issued.
 3. You have a change in family status through either marriage or the birth, adoption, or placement for adoption of a *child*:
 - a. If you are enrolling following marriage, you and your new *spouse* must enroll within 30 days of the date of marriage. Your new *spouse's* children may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above.
 - b. If you are enrolling following the birth, adoption, or placement for adoption of a *child*, your *spouse* (if you are already married), who is eligible but not enrolled, may also enroll at that time. Other children may not enroll at that time unless they qualify under another of these circumstances listed above. On-line enrollment

must be completed within 30 days of the birth or date of adoption or placement for adoption.

4. You meet or exceed a lifetime limit on all benefits under another health plan. Application must be made within 30 days of the date a claim or a portion of a claim is denied due to your meeting or exceeding the lifetime limit on all benefits under the other plan.
5. You become eligible for required monthly contribution charge assistance, with respect to coverage under the employer's group *plan*, under a state Medicaid or SCHIP health plan, including any waiver or demonstration project conducted under or in relation to these plans. You must properly file an application with the *plan administrator* within 60 days after the date you are determined to be eligible for this assistance.

Effective date of coverage. For enrollments during a special enrollment period as described above, coverage will be effective on the first day of the month following the date you file the enrollment application, except as specified below:

1. If you are enrolling following marriage, coverage will be effective on date of marriage.
2. If a court has ordered that coverage be provided for a dependent *child*, coverage will become effective for that *child* on the earlier of (a) the first day of the month following the date you file the enrollment application or (b) within 30 days after a copy of the court order is received or of a request from the district attorney, either parent or the person having custody of the *child*, the employer, or the *plan administrator*.
3. For enrollments following the birth, adoption, or placement for adoption of a *child*, coverage will be effective as of the date of birth, adoption, or placement for adoption.

OPEN ENROLLMENT PERIOD

There is an open enrollment period once each *year*, during the last quarter of the *calendar year*. During that time, an individual who meets the eligibility requirements as a *subscriber* under this *plan* may enroll. A *subscriber* may also enroll any eligible *dependents* at that time. Persons eligible to enroll as *dependents* may enroll only under the *subscriber's plan*.

For anyone so enrolling, coverage under this *plan* will begin on the first day of the month following the end of the Open Enrollment Period. Coverage under the former plan ends when coverage under this *plan* begins.

HOW COVERAGE ENDS

Your coverage ends without notice as provided below:

1. If the *plan* terminates, your coverage ends at the same time. This *plan* may be canceled or changed without notice to you.
2. If the *plan* no longer provides coverage for the class of *members* to which you belong, your coverage ends on the effective date of that change. If this *plan* is amended to delete coverage for *dependents*, a *dependent's* coverage ends on the effective date of that change.
3. Coverage for *dependents* ends when *subscriber's* coverage ends.
4. Coverage ends at the end of the period for which the required monthly contribution has been paid on your behalf when the required monthly contribution for the next period is not paid.
5. If you voluntarily cancel coverage due to a qualifying event, your coverage ends on the due date for the required monthly contribution following the date of voluntary cancellation due to a qualifying event, as provided written notice to us.
6. If you no longer meet the requirements set forth in the "Eligible Status" provision of HOW COVERAGE BEGINS, your coverage ends as of the due date for the required monthly contribution following the date you cease to meet such requirements.

Exceptions to item 6:

- a. **Leave of Absence.** If you are a *subscriber* and the required monthly contributions are paid, your coverage may continue for up to six months during an approved temporary leave of absence. This time period may be extended if required by law.
- b. **Handicapped Children:** If a *child* reaches the age limit shown in the "Eligible Status" provision of this section, the *child* will continue to qualify as a *dependent* if he or she is (i) covered under this *plan*, (ii) still financially dependent on the *subscriber* or *spouse*, and (iii) incapable of self-sustaining employment due to a physical handicap or mental retardation. A *physician* must certify this disability in writing. We must receive the certification, at no expense to us, within 30 days of the date the *child* otherwise becomes ineligible. When a period of two years has passed, we may request proof of continuing dependency and disability, but not more often than once each year. This exception will last until the *child* is no longer handicapped or dependent on the *subscriber* or *spouse* for financial support. A *child* is considered financially dependent if he or she qualifies as a dependent for federal income tax purposes.

You may be entitled to continued benefits under terms which are specified elsewhere under CONTINUATION OF COVERAGE, and EXTENSION OF BENEFITS.

CONTINUATION OF COVERAGE

Most employers who employ 20 or more people on a typical business day are subject to The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). If the employer who provides coverage under the *plan* is subject to the federal law which governs this provision (Title X of P. L. 99-272), you may be entitled to continuation of coverage. Check with your *plan administrator* if you need further details.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will appear in capital letters. When you see these capitalized words, you should refer to this "Definitions" provision.

COBRA Initial Enrollment Period is the period of time following the original Qualifying Event, as indicated in the "Terms of COBRA Continuation" provisions below.

Qualified Beneficiary means: (a) a person enrolled for this COBRA continuation coverage who, on the day before the Qualifying Event, was covered under this *plan* as either a *subscriber* or *dependent*; and (b) a *child* who is born to or placed for adoption with the *subscriber* during the COBRA continuation period. Qualified Beneficiary does not include any person who was not enrolled during the COBRA Initial Enrollment Period, including any *dependents* acquired during the COBRA continuation period, with the exception of newborns and adoptees as specified above.

Qualifying Event means any one of the following circumstances which would otherwise result in the termination of your coverage under the *plan*. The events will be referred to throughout this section by number.

1. For Subscribers and Dependents:

- a. The *subscriber's* termination of employment, for any reason other than gross misconduct; or
- b. Loss of coverage under an employer's health plan due to a reduction in the *subscriber's* work hours.

2. For Dependents:

- a. The death of the *subscriber*;
- b. The *spouse's* divorce or legal separation from the *subscriber*;

- c. The end of a *child's* status as a dependent *child*, as defined by the *plan*; or
- d. The *subscriber's* entitlement to Medicare.

ELIGIBILITY FOR COBRA CONTINUATION

A *subscriber* or *dependent* may choose to continue coverage under the *plan* if his or her coverage would otherwise end because of a Qualifying Event.

TERMS OF COBRA CONTINUATION

Notice. We will notify either the *subscriber* or *dependent* of the right to continue coverage under COBRA, as provided below:

1. For Qualifying Event 1, the *plan administrator* will notify the *subscriber* of the right to continue coverage.
2. For Qualifying Events 2(a) or 2(d) above, a *dependent* will be notified of the COBRA continuation right.
3. You must inform the *plan administrator* within 60 days of Qualifying Events 2(b) or 2(c) above if you wish to continue coverage. The *plan administrator* in turn will promptly give you official notice of the COBRA continuation right.

If you choose to continue coverage you must notify the *plan administrator* within 60 days of the date you receive notice of your COBRA continuation right. The COBRA continuation coverage may be chosen for all *members* within a family, or only for selected *members*.

If you fail to elect the COBRA continuation during the COBRA Initial Enrollment Period, you may not elect the COBRA continuation at a later date.

Notice of continued coverage, along with the initial required monthly contribution, must be delivered to us within 45 days after you elect COBRA continuation coverage.

Additional Dependents. A *spouse* or *child* acquired during the COBRA continuation period is eligible to be enrolled as a *dependent*. The standard enrollment provisions of the *plan* apply to enrollees during the COBRA continuation period.

Cost of Coverage. You may be required to pay the entire cost of your COBRA continuation coverage. This cost, called the "required monthly contribution", must be remitted to the *plan administrator* each month during the COBRA continuation period.

Besides applying to the *subscriber*, the *subscriber's* rate also applies to:

1. A *spouse* whose COBRA continuation began due to divorce, separation or death of the *subscriber*;
2. A *child* if neither the *subscriber* nor the *spouse* has enrolled for this COBRA continuation coverage (if more than one *child* is so enrolled, the required monthly contribution will be the two-party or three-party rate depending on the number of *children* enrolled); and
3. A *child* whose COBRA continuation began due to the person no longer meeting the dependent *child* definition.

Subsequent Qualifying Events. Once covered under the COBRA continuation, it's possible for a second Qualifying Event to occur. If that happens, a *subscriber* or *dependent*, who is a Qualified Beneficiary, may be entitled to an extended COBRA continuation period. This period will in no event continue beyond 36 months from the date of the first qualifying event.

For example, a *child* may have been originally eligible for this COBRA continuation due to termination of the *subscriber's* employment, and enrolled for this COBRA continuation as a Qualified Beneficiary. If, during the COBRA continuation period, the *child* reaches the upper age limit of the *plan*, the *child* is eligible for an extended continuation period which would end no later than 36 months from the date of the original Qualifying Event (the termination of employment).

When COBRA Continuation Coverage Begins. When COBRA continuation coverage is elected during the COBRA Initial Enrollment Period and the required monthly contribution is paid, coverage is reinstated back to the date of the original Qualifying Event, so that no break in coverage occurs.

For *dependents* properly enrolled during the COBRA continuation, coverage begins according to the enrollment provisions of the *plan*.

When the COBRA Continuation Ends. This COBRA continuation will end on the earliest of:

1. The end of 18 months from the Qualifying Event, if the Qualifying Event was termination of employment or reduction in work hours;*
2. The end of 36 months from the Qualifying Event, if the Qualifying Event was the death of the *subscriber*, divorce or legal separation, or the end of dependent *child* status;*

3. The end of 36 months from the date the *subscriber* became entitled to Medicare, if the Qualifying Event was the *subscriber's* entitlement to Medicare. If entitlement to Medicare does not result in coverage terminating and Qualifying Event 1 occurs within 18 months after Medicare entitlement, coverage for Qualified Beneficiaries other than the *subscriber* will end 36 months from the date the *subscriber* became entitled to Medicare;
4. The date the *plan* terminates;
5. The end of the period for which required monthly contributions are last paid;
6. The date, following the election of COBRA, the *member* first becomes covered under any other group health plan; or
7. The date, following the election of COBRA, the *member* first becomes entitled to Medicare.

*For a *member* whose COBRA continuation coverage began under a *prior plan*, this term will be dated from the time of the Qualifying Event under that *prior plan*.

Other Coverage Options Besides COBRA Continuation Coverage.

Instead of enrolling in COBRA continuation coverage, there may be other coverage options for you and your family through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a *spouse's* plan) through the conditions listed under the SPECIAL ENROLLMENT PERIODS provision. Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

EXTENSION OF CONTINUATION DURING TOTAL DISABILITY

If at the time of termination of employment or reduction in hours, or at any time during the first 60 days of the COBRA continuation, a Qualified Beneficiary is determined to be disabled for Social Security purposes, all covered *members* may be entitled to up to 29 months of continuation coverage after the original Qualifying Event.

Eligibility for Extension. To continue coverage for up to 29 months from the date of the original Qualifying Event, the disabled *member* must:

1. Satisfy the legal requirements for being totally and permanently disabled under the Social Security Act; and
2. Be determined and certified to be so disabled by the Social Security Administration.

Notice. The *member* must furnish the *plan administrator* with proof of the Social Security Administration's determination of disability during the first 18 months of the COBRA continuation period and no later than 60 days after the later of the following events:

1. The date of the Social Security Administration's determination of the disability;
2. The date on which the original Qualifying Event occurs;
3. The date on which the Qualified Beneficiary loses coverage; or
4. The date on which the Qualified Beneficiary is informed of the obligation to provide the disability notice.

Cost of Coverage. For the 19th through 29th months that the total disability continues, the cost for the extended continuation coverage must be remitted to us. This cost (called the "required monthly contribution") shall be subject to the following conditions:

1. If the disabled *member* continues coverage during this extension, this charge shall be **150%** of the applicable rate for the length of time the disabled *member* remains covered, depending upon the number of covered dependents. If the disabled *member* does not continue coverage during this extension, this charge shall remain at **102%** of the applicable rate.
2. The cost for extended continuation coverage must be remitted to us each month during the period of extended continuation coverage. We must receive timely payment of the required monthly contribution in order to maintain the extended continuation coverage in force.
3. You may be required to pay the entire cost of the extended continuation coverage.

If a second Qualifying Event occurs during this extended continuation, the total COBRA continuation may continue for up to 36 months from the date of the first Qualifying Event. The required monthly contribution shall then be **150%** of the applicable rate for the 19th through 36th months if the disabled *member* remains covered. The charge will be **102%** of the applicable rate for any periods of time the disabled *member* is not covered following the 18th month.

When The Extension Ends. This extension will end at the earlier of:

1. The end of the month following a period of 30 days after the Social Security Administration's final determination that you are no longer totally disabled;
2. The end of 29 months from the Qualifying Event;

3. The date the *plan* terminates;
4. The end of the period for which required monthly contributions are last paid;
5. The date, following the election of COBRA, the *member* first becomes covered under any other group health plan; or
6. The date, following the election of COBRA, the *member* first becomes entitled to Medicare.

You must inform the *plan administrator* within 30 days of a final determination by the Social Security Administration that you are no longer totally disabled.

EXTENSION OF BENEFITS

If you are a *totally disabled subscriber* or a *totally disabled dependent* and under the treatment of a *physician* on the date of discontinuance of the *plan*, your benefits may be continued for treatment of the totally disabling condition. This extension of benefits is not available if you become covered under another group health plan that provides coverage without limitation for your disabling condition. Extension of benefits is subject to the following conditions:

1. If you are confined as an inpatient in a *hospital* or *skilled nursing facility*, you are considered totally disabled as long as the inpatient *stay* is *medically necessary*, and no written certification of the total disability is required. If you are discharged from the *hospital* or *skilled nursing facility*, you may continue your total disability benefits by submitting written certification by your *physician* of the total disability within 90 days of the date of your discharge. Thereafter, we must receive proof of your continuing total disability at least once every 90 days while benefits are extended.
2. If you are not confined as an inpatient but wish to apply for total disability benefits, you must do so by submitting written certification by your *physician* of the total disability. We must receive this certification within 90 days of the date coverage ends under this *plan*. At least once every 90 days while benefits are extended, we must receive proof that your total disability is continuing.
3. Your extension of benefits will end when any one of the following circumstances occurs:
 - a. You are no longer totally disabled.
 - b. The maximum benefits available to you under this *plan* are paid.
 - c. You become covered under another group health plan that provides benefits without limitation for your disabling condition.

- d. A period of up to 12 months has passed since your extension began.

GENERAL PROVISIONS

Providing of Care. We are not responsible for providing any type of *hospital*, medical or similar care, nor are we responsible for the quality of any such care received.

Independent Contractors. The *claims administrator's* relationship with providers is that of an independent contractor. *Physicians*, and other health care professionals, *hospitals*, *skilled nursing facilities* and other community agencies are not the *claims administrator's* agents nor is the *claims administrator*, or any of the employees of the *claims administrator*, an employee or agent of any *hospital*, medical group or medical care provider of any type.

Non-Regulation of Providers. The benefits of this *plan* do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with *participating providers*.

Inter-Plan Arrangements

Out-of-Area Services

Overview. The *claims administrator* has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside the geographic area we serve (the "Anthem Blue Cross" Service Area"), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Blue Cross Service Area, you will receive it from one of two kinds of providers. Most providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some providers ("non-participating providers") do not contract with the Host Blue. See below for an explanation of how both kinds of providers are paid.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not included are *prescription drugs* that you obtain from a *pharmacy* and most dental or vision benefits.

A. BlueCard[®] Program

Under the BlueCard[®] Program, when you receive covered services within the geographic area served by a Host Blue, the *claims administrator* will still fulfill the plan's contractual obligations. But, the Host Blue is responsible for: (a) contracting with its providers; and (b) handling its interactions with those providers.

When you receive covered services outside the Anthem Blue Cross Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for covered services; or
- The negotiated price that the Host Blue makes available to the *claims administrator*.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to the provider. Sometimes, it is an estimated price that takes into account special arrangements with that provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem Blue Cross may process your claims for covered services through Negotiated Arrangements for National Accounts.

The amount you pay for covered services under this arrangement will be calculated based on the lower of either billed charges for covered services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem Blue Cross by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard[®] Program

If you receive covered services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem Blue Cross through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If Anthem Blue Cross has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the group on your behalf, Anthem Blue Cross will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, the *claims administrator* will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Non-participating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When covered services are provided outside of Anthem Blue Cross's Service Area by non-participating providers, the *claims administrator* may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as deductible or co-payment will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment the *claims administrator* will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network *emergency services*.

2. Exceptions

In certain situations, the *claims administrator* may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem Blue Cross Service Area, or a special negotiated price to determine the amount we will pay for services provided by non-

participating providers. In these situations, you may be liable for the difference between the amount that the non-participating provider bills and the payment we make for the covered services as set forth in this paragraph.

F. BlueCross BlueShield Global Core[®] Program

If you plan to travel outside the United States, call Member Services for information about your BlueCross BlueShield Global Core benefits. Benefits for services received outside of the United States may be different from services received in the United States. Remember to take an up to date health ID card with you.

If you need inpatient hospital care, you or someone on your behalf, should contact the *claims administrator* for preauthorization. Keep in mind, if you need *emergency* medical care, go to the nearest hospital. There is no need to call before you receive care.

Please refer to the "Utilization Review Program" section in this booklet for further information. You can learn how to get pre-authorization when you need to be admitted to the hospital for *emergency* or non-emergency care.

How Claims are Paid with BlueCross BlueShield Global Core

In most cases, when you arrange inpatient hospital care with BlueCross BlueShield Global Core, claims will be filed for you. The only amounts that you may need to pay up front are any co-payment or deductible amounts that may apply.

You will typically need to pay for the following services up front:

- *Physician* services;

- Outpatient services.

You will need to file a claim form for any payments made up front.

When you need BlueCross BlueShield Global Core claim forms you can get international claims forms in the following ways:

You will find the address for mailing the claim on the form.

Terms of Coverage

1. In order for you to be entitled to benefits under the *plan*, both the *plan* and your coverage under the *plan* must be in effect on the date the expense giving rise to a claim for benefits is incurred.
2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.
3. The *plan* is subject to amendment, modification or termination according to the provisions of the *plan* without your consent or concurrence.

Nondiscrimination. No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

Protection of Coverage. We do not have the right to cancel your coverage under this *plan* while: (1) this *plan* is in effect; (2) you are eligible; and (3) your required monthly contributions are paid according to the terms of the *plan*.

Free Choice of Provider. This *plan* in no way interferes with your right as a *member* entitled to *hospital* benefits to select a *hospital*. You may choose any *physician* who holds a valid *physician* and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the *hospital* where services are received. You may also choose any other health care professional or facility which provides care covered under this *plan*, and is properly licensed according to appropriate state and local laws. But your choice may affect the benefits payable according to this *plan*.

Continuity of Care. If the *claims administrator* terminates its contractual relationship with a *participating provider* and you are undergoing a course of treatment from that provider at the time the contract is terminated, you may be able to continue to receive services from that provider (but only if such provider agrees to continue to comply with the same contractual requirements that applied prior to termination). To qualify, you must have an acute or a serious chronic condition, a high risk pregnancy, or a pregnancy in the second or third trimester. You may request this continuity of care by calling the Member Services telephone number listed on your ID card. If approved, services may be received for

a limited period of time, but no longer than 90 days, unless you cannot be safely transferred to a *participating provider*. Coverage is provided according to the terms and conditions of this *plan* applicable to *participating providers*.

Medical Necessity. The benefits of this *plan* are provided only for services which the *claims administrator* determines to be *medically necessary*. The services must be ordered by the attending *physician* for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States. The process used to authorize or deny health care services under this *plan* is available to you upon request.

Expense in Excess of Benefits. We are not liable for any expense you incur in excess of the benefits of this *plan*.

Benefits Not Transferable. Only the *member* is entitled to receive benefits under this *plan*. The right to benefits cannot be transferred.

Notice of Claim. You, or someone on your behalf, must give the *claims administrator* written notice of a claim within 20 days after you incur covered charges under this plan, or as soon as reasonably possible thereafter.

Claim Forms. After the *claims administrator* receives a written notice of claim, they will give you any forms you need to file proof of loss. If the *claims administrator* does not give you these forms within 15 days after you have filed your notice of claim, you will not have to use these forms, and you may file proof of loss by sending the *claims administrator* written proof of the occurrence giving rise to the claim. Such written proof must include the extent and character of the loss.

Proof of Loss. You or the provider of service must send the *claims administrator* properly and fully completed claim forms within 90 days of the date you receive the service or supply for which a claim is made. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed. The *plan administrator* is not liable for the benefits of the *plan* if you do not file claims within the required time period. The *plan administrator* will not be liable for benefits if the *claims administrator* does not receive written proof of loss on time.

Services received and charges for the services must be itemized, and clearly and accurately described. Claim forms must be used; canceled checks or receipts are not acceptable.

To obtain a claim form you or someone on your behalf may call the Member Services phone number shown on your ID Card or go to the website at www.anthem.com/ca and download and print one.

Timely Payment of Claims. Any benefits due under this *plan* shall be due once the *claims administrator* has received proper, written proof of loss, together with such reasonably necessary additional information the *claims administrator* may require to determine our obligation.

Member's Cooperation. You will be expected to complete and submit to the *claims administrator* all such authorizations, consents, releases, assignments and other documents that may be needed in order to obtain or assure reimbursement under Medicare, Workers' Compensation or any other governmental program. If you fail to cooperate (including if you fail to enroll under Part B of the Medicare program where Medicare is the responsible payer), you will be responsible for any charge for services.

Payment to Providers. The benefits of this *plan* will be paid directly to *participating providers* and medical transportation providers. Also, other providers of service will be paid directly when you assign benefits in writing. If another party pays for your medical care and you assign benefits in writing, the benefits of this *plan* will be paid to that party. These payments will fulfill our obligation to you for those covered services.

Exception: Under certain circumstances the *claims administrator* will pay the benefits of this *plan* directly to a provider or third party even without your assignment of benefits in writing. To receive direct payment, the provider or third party must provide them with the following:

1. Proof of payment of medical services and the provider's itemized bill for such services;
2. If the *subscriber* does not reside with the patient, either a copy of the judicial order requiring the *subscriber* to provide coverage for the patient or a state approved form verifying the existence of such judicial order which would be filed with us on an annual basis;
3. If the *subscriber* does not reside with the patient, and if the provider is seeking direct reimbursement, an itemized bill with the signature of the custodian or guardian certifying that the services have been provided and supplying on an annual basis, either a copy of the judicial order requiring the *subscriber* to provide coverage for the patient or a state approved form verifying the existence of such judicial order;
4. The name and address of the person to be reimbursed, the name and policy number of the *subscriber*, the name of the patient, and other necessary information related to the coverage.

Care Coordination. The *plan* pays *participating providers* in various ways to provide covered services to you. For example, sometimes payment to *participating providers* may be a separate amount for each

covered service they provide. The *plan* may also pay them one amount for all covered services related to treatment of a medical condition. Other times, the payment may be a periodic, fixed pre-determined amount to cover the costs of covered services. In addition, *participating provider* payments may be financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate *participating providers* for coordination of your care. In some instances, *participating providers* may be required to make payment to the *plan* because they did not meet certain standards. You do not share in any payments made by *participating providers* to the *plan* under these programs.

Right of Recovery. Whenever payment has been made in error, the *claims administrator* will have the right to make appropriate adjustment to claims, recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations. In the event the *claims administrator* recovers a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, the *claims administrator* will only recover such payment from the provider within 365 days of the date the payment was made on a claim submitted by the provider. The *claims administrator* reserves the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if the *claims administrator* pays your healthcare provider amounts that are your responsibility, such as deductibles, co-payments or co-insurance, the *claims administrator* may collect such amounts directly from you. You agree that the *claims administrator* has the right to recover such amounts from you.

The *claims administrator* has oversight responsibility for compliance with provider and vendor and subcontractor contracts. The *claims administrator* may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

The *claims administrator* has established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. The *claims administrator* will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. The *claims administrator* may not provide you with notice of overpayments made by them or you if the recovery method makes providing such notice administratively burdensome.

Legal Actions. No attempt to recover on the *plan* through legal or equity action may be made until at least 60 days after the written proof of loss has been furnished as required by this *plan*. No such action may be

started later than three years from the time written proof of loss is required to be furnished. If you bring a civil action under Section 502(a) of ERISA, you must bring it within one year of the grievance or appeal decision.

Plan Administrator - COBRA and ERISA. In no event will the *claims administrator* be *plan administrator* for the purposes of compliance with the Consolidated Omnibus Budget Reconciliation Act (COBRA) or the Employee Retirement Income Security Act (ERISA). The term "*plan administrator*" refers to Lam Research Corporation or to a person or entity other than the *claims administrator*, engaged by Lam Research Corporation to perform or assist in performing administrative tasks in connection with the *plan*. The *plan administrator* is responsible for satisfaction of notice, disclosure and other obligations of administrators under ERISA. In providing notices and otherwise performing under the CONTINUATION OF COVERAGE section of this *benefit booklet*, the *plan administrator* is fulfilling statutory obligations imposed on it by federal law and, where applicable, acting as your agent. However, the *claims administrator* is responsible for processing all claims for benefits under the *plan*.

Workers' Compensation Insurance. The *plan* does not affect any requirement for coverage by workers' compensation insurance. It also does not replace that insurance.

Prepayment Fees. The *plan administrator* may require that you contribute all or part of the costs of these required monthly contributions. Please consult your *plan administrator* for details.

Liability to Pay Providers. In the event that the *plan* does not pay a provider who has provided benefits to you, you will be required to pay that provider any amounts not paid to them by the *plan*.

Renewal Provisions. The *plan* is subject to renewal at certain intervals. The required monthly contribution or other terms of the *plan* may be changed from time to time.

Financial Arrangements with Providers. The *claims administrator* or an affiliate has contracts with certain health care providers and suppliers (hereafter referred to together as "Providers") for the provision of and payment for health care services rendered to its members and *members* entitled to health care benefits under individual certificates and group policies or contracts to which *claims administrator* or an affiliate is a party, including all persons covered under the *plan*.

Under the above-referenced contracts between Providers and *claims administrator* or an affiliate, the negotiated rates paid for certain medical services provided to persons covered under the *plan* may differ from the rates paid for persons covered by other types of products or programs

offered by the *claims administrator* or an affiliate for the same medical services. In negotiating the terms of the *plan*, the *plan administrator* was aware that the *claims administrator* or its affiliates offer several types of products and programs. The members, *members* and *plan administrator* are entitled to receive the benefits of only those discounts, payments, settlements, incentives, adjustments and/or allowances specifically set forth in the *plan*.

Voluntary Clinical Quality Programs. The claims administrator may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from covered services under your plan. These programs are not guaranteed and could be discontinued at any time. The claims administrator will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which we encourage you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to collect the specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Voluntary Wellness Incentive Programs. The claims administrator may offer health or fitness related program options for purchase by the plan administrator to help you achieve your best health. These programs are not covered services under your plan, but are separate components, which are not guaranteed under this plan and could be discontinued at any time. If the plan administrator has selected one of these options to make available to all employees, you may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options the plan administrator may select, you may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If you think you might be unable to meet the standard, you might qualify for an opportunity to earn the same reward by different means. You may contact the Member Services number on your ID card

and the claims administrator will work with you (and, if you wish, your physician) to find a wellness program with the same reward that is right for you in light of your health status. If you receive a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to you. For additional guidance, please consult your tax advisor.

Program Incentives. The *plan administrator* may offer incentives from time to time at their discretion in order to introduce you to new programs and services available under this *plan*. The purpose of these incentives include, but is not limited to, making you aware of cost effective benefit options or services, helping you achieve your best health, and encouraging you to update member-related information. These incentives may be offered in various forms such as retailer coupons, gift cards and health-related merchandise. Acceptance of these incentives is voluntary as long as the *plan* offers the incentives program. The *plan administrator* may discontinue an incentive for a particular new service or program at any time. If you have any questions about whether receipt of an incentive or retailer coupon results in taxable income to you, please consult your tax advisor.

BINDING ARBITRATION

Because your coverage is provided under an employer sponsored plan subject to ERISA, certain disputes may not be subject to this Binding Arbitration provision.

Any dispute or claim, of whatever nature, arising out of, in connection with, or in relation to this *plan* or breach or rescission thereof, or in relation to care or delivery of care, including any claim based on contract, tort, or statute, must be resolved by arbitration if the amount sought exceeds the jurisdictional limit of the small claims court. Any dispute or claim within the jurisdictional limits of the small claims court will be resolved in such court.

The arbitration findings will be final and binding except to the extent that state or Federal law provides for the judicial review of arbitration proceedings.

The arbitration is begun by the *member* making written demand on the *plan administrator*. The arbitration will be conducted by Judicial Arbitration and Mediation Services ("JAMS") according to its applicable Rules and Procedures. If, for any reason, JAMS is unavailable to conduct the arbitration, the arbitration will be conducted by another neutral arbitration entity, by mutual agreement of the *member* and the *plan administrator*, or by order of the court, if the *member* and the *plan administrator* cannot agree. YOUR RIGHT TO APPEALS

For purposes of these Appeal provisions, “claim for benefits” means a request for benefits under the *plan*. The term includes both pre-service and post-service claims.

- A pre-service claim is a claim for benefits under the *plan* for which you have not received the benefit or for which you may need to obtain approval in advance.
- A post-service claim is any other claim for benefits under the *plan* for which you have received the service.

If your claim is denied or if your coverage is rescinded:

- you will be provided with a written notice of the denial or rescission; and
- you are entitled to a full and fair review of the denial or rescission.

The procedure the *claims administrator* will follow will satisfy following the minimum requirements for a full and fair review under applicable federal regulations.

Notice of Adverse Benefit Determination

If your claim is denied, the *claims administrator's* notice of the adverse benefit determination (denial) will include:

- information sufficient to identify the claim involved;
- the specific reason(s) for the denial;
- a reference to the specific *plan* provision(s) on which the *claims administrator's* determination is based;
- a description of any additional material or information needed to perfect your claim;
- an *explanation* of why the additional material or information is needed;
- a description of the *plan's* review procedures and the time limits that apply to them, including a statement of your right to bring a civil action under ERISA (if applicable) within one year of the appeal decision if you submit an appeal and the claim denial is upheld;
- information about any internal rule, guideline, protocol, or other similar criterion relied upon in making the claim determination and about your right to request a copy of it free of charge, along with a discussion of the claims denial decision;

- information about the scientific or clinical judgment for any determination based on medical necessity or experimental treatment, or about your right to request this explanation free of charge, along with a discussion of the claims denial decision; and
- information regarding your potential right to an External Appeal pursuant to federal law.

For claims involving urgent/concurrent care:

- the *claims administrator's* notice will also include a description of the applicable urgent/concurrent review process; and
- the *claims administrator* may notify you or your authorized representative within 72 hours orally and then furnish a written notification.

Appeals

You have the right to appeal an adverse benefit determination (claim denial or rescission of coverage). You or your authorized representative must file your appeal within 180 calendar days after you are notified of the denial or rescission. You will have the opportunity to submit written comments, documents, records, and other information supporting your claim. The *claims administrator's* review of your claim will take into account all information you submit, regardless of whether it was submitted or considered in the initial benefit determination.

- The *claims administrator* shall offer a single mandatory level of appeal and an additional voluntary second level of appeal which may be a panel review, independent review, or other process consistent with the entity reviewing the appeal. The time frame allowed for the *claims administrator* to complete its review is dependent upon the type of review involved (e.g. pre-service, concurrent, post-service, urgent, etc.).

For pre-service claims involving urgent/concurrent care, you may obtain an expedited appeal. You or your authorized representative may request it orally or in writing. All necessary information, including the *claims administrator's* decision, can be sent between the *claims administrator* and you by telephone, facsimile or other similar method. To file an appeal for a claim involving urgent/concurrent care, you or your authorized representative must contact the *claims administrator* at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;

- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for appeals should be submitted in writing by the Member or the Member's authorized representative, except where the acceptance of oral appeals is otherwise required by the nature of the appeal (e.g. urgent care). You or your authorized representative must submit a request for review to:

Anthem Blue Cross Life and Health Insurance Company
 ATTN: Appeals
 P.O. Box 54159, Los Angeles, CA 90054

You must include Your Member Identification Number when submitting an appeal.

Upon request, the *claims administrator* will provide, without charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim. "Relevant" means that the document, record, or other information:

- was relied on in making the benefit determination; or
- was submitted, considered, or produced in the course of making the benefit determination; or
- demonstrates compliance with processes and safeguards to ensure that claim determinations are made in accordance with the terms of the *plan*, applied consistently for similarly-situated claimants; or
- is a statement of the *plan's* policy or guidance about the treatment or benefit relative to your diagnosis.

The *claims administrator* will also provide you, free of charge, with any new or additional evidence considered, relied upon, or generated in connection with your claim. In addition, before you receive an adverse benefit determination on review based on a new or additional rationale, the *claims administrator* will provide you, free of charge, with the rationale.

How Your Appeal will be Decided

When the *claims administrator* considers your appeal, the *claims administrator* will not rely upon the initial benefit determination or, for voluntary second-level appeals, to the earlier appeal determination. The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination. A voluntary second-level review will be conducted by an appropriate reviewer who did not make the initial determination or the first-level appeal determination and who does not work for the person who made the initial determination or first-level appeal determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not *medically necessary*, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If you appeal a claim involving urgent/concurrent care, the *claims administrator* will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

If you appeal any other pre-service claim, the *claims administrator* will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal.

If you appeal a post-service claim, the *claims administrator* will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

Appeal Denial

- If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from the *claims administrator* will include all of the information set forth in the above subsection entitled "Notice of Adverse Benefit Determination."

Voluntary Second Level Appeals

If you are dissatisfied with the *Plan's* mandatory first level appeal decision, a voluntary second level appeal may be available. If you would like to initiate a second level appeal, please write to the address listed above. Voluntary appeals must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

External Review

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, or if it pertained to a rescission of coverage, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to the *claims administrator* within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless the *claims administrator* determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through the *claims administrator's* internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the *claims administrator's* decision, can be sent between the *claims administrator* and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the *claims administrator* at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and

- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless the *claims administrator* determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals
P.O. Box 54159, Los Angeles, CA 90054

You must include Your Member Identification Number when submitting an appeal.

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care *plan*. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws or ERISA (if applicable).

Requirement to file an Appeal before filing a lawsuit

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within one year of the *Plan's* final decision on the claim or other request for benefits. If the *Plan* decides an appeal is untimely, the *Plan's* latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the *Plan's* internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the *Plan*.

If your health benefit *plan* is sponsored by your employer and subject to the Employee Retirement Income Security Act of 1974 (ERISA) and your appeal as described above results in an adverse benefit determination, you have a right to bring a civil action under Section 502(a) of ERISA within one year of the appeal decision.

The *claims administrator* reserves the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.

Statement of Rights Under the Newborns' and Mother's Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However the plan or issuer may pay for a shorter stay if the attending physician (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48 hour (or 96 hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain pre-certification. For information on pre-certification, contact your Plan Administrator.

Did you know that your plan, as required by the Women’s Cancer Rights Act of 1998, provides benefits for mastectomy-related services including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from mastectomy (including lymphedema)? Call your Plan Administrator (see item 8 above) for more information.

 - Reasons for ineligibility or loss of benefits may be found in the section entitled HOW COVERAGE BEGINS AND ENDS under the subsection HOW COVERAGE ENDS.

13. **Claims Procedures.** The plan document and this booklet entitled “Benefit Booklet,” contain information on reporting claims, including the time limitations on submitting a claim. Claim forms may be obtained from the Plan Administrator or from the Claims Administrator. (Note that the Claims Administrator is not the Plan Administrator nor the administrator for the purposes of ERISA.) In addition to this information, ERISA applies some additional claim procedure rules. The additional rules required by ERISA are set forth below.

Urgent Care. The Claims Administrator must notify you, within 72 hours after they receive your request for benefits, that they have it and what they determine your benefits to be. If your request for benefits does not contain all the necessary information, they must notify you within 24 hours after they get it and tell you what information is missing. Any notice to you by them will be orally, by telephone, or in writing by facsimile or other fast means. You have at least 48 hours to give them the additional information they need to process your request for benefits. You may give them the additional information they need orally, by telephone, or in writing by facsimile or other fast means.

If your request for benefits is denied in whole or in part, you will receive a notice of the denial within 72 hours after the Claims Administrator’s receipt of the request for benefits, or 48 hours after receipt of all the information they need to process your request for benefits if the information is received within the time frame noted above. The notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision was based. You have 180 days to appeal their adverse benefit

determination. You may appeal their decision orally, by telephone, or in writing by facsimile or other fast means. Within 72 hours after they receive your appeal, they must notify you of their decision, except as otherwise noted below. They will notify you orally, by telephone, or in writing by facsimile or other fast means. If your request for benefits is no longer considered urgent, it will be handled in the same manner as a Non-Urgent Care Pre-Service or Post-service appeal, depending upon the circumstances.

Non-Urgent Care Pre-Service (when care has not yet been received). The Claims Administrator must notify you within 15 days after they receive your request for benefits that they have it and what they have determined your benefits to be. If they need more than 15 days to determine your benefits, due to reasons beyond their control, they must notify you within that 15-day period that they need more time to determine your benefits. But, in any case, even with an extension, they cannot take more than 30 days to determine your benefits. If you do not properly submit all the necessary information for your request for benefits to them, they must notify you, within 5 days after they get it and tell you what information is missing. You have 45 days to provide them with the information they need to process your request for benefits. The time period during which the Claims Administrator is waiting for receipt of the necessary information is not counted toward the time frame in which the Claims Administrator must make the benefit determination.

If your request for benefits is denied in whole or in part, you will receive a written notice of the denial within the time frame stated above after the Claims Administrator has all the information they need to process your request for benefits, if the information is received within the time frame noted above. The written notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision is based.

You have 180 days to appeal the adverse benefit determination made by the Claims Administrator. Your appeal must be in writing. Within 15 days after they receive your appeal, they must notify you of their decision about it in writing. If your request for benefits is still denied, in whole or in part, the written notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision is based.

You have 180 days to request a second level appeal of the adverse benefit determination to the Plan Administrator. Your appeal must be in writing. Within 15 days after they receive your appeal, the Plan Administrator must notify you of their decision in writing. If the second level appeal is denied, in whole or in part, the written notice

will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision is based.

Concurrent Care Decisions:

- **Reduction of Benefits** – If, after approving a request for benefits in connection with your illness or injury, the Claims Administrator decides to reduce or end the benefits they have approved for you, in whole or in part:
 - They must notify you sufficiently in advance of the reduction in benefits, or the end of benefits, to allow you the opportunity to appeal their decision before the reduction in benefits or end of benefits occurs. In their notice to you, the Claims Administrator must explain their reason for reducing or ending your benefits and the plan provisions upon which the decision was made.
 - To keep the benefits you already have approved, you must successfully appeal the Claims Administrator’s decision to reduce or end those benefits. You must make your appeal to them at least 24 hours prior to the occurrence of the reduction or ending of benefits. If you appeal the decision to reduce or end your benefits when there is less than 24 hours to the occurrence of the reduction or ending of benefits, your appeal may be treated as if you were appealing an urgent care denial of benefits (see the section “Urgent Care,” above), depending upon the circumstances of your condition.
 - If the Claims Administrator receives your appeal for benefits at least 24 hours prior to the occurrence of the reduction or ending of benefits, they must notify you of their decision regarding your appeal within 24 hours of their receipt of it. If the Claims Administrator denies your appeal of their decision to reduce or end your benefits, in whole or in part, they must explain the reason for their denial of benefits and the plan provisions upon which the decision was made. You may further appeal the denial of benefits according to the rules for appeal of an urgent care denial of benefits (see the section “Urgent Care,” above).
- **Extension of Benefits** – If, while you are undergoing a course of treatment in connection with your illness or injury, for which benefits have been approved, you would like to request an extension of benefits for additional treatments:

- You must make a request to the Claims Administrator for the additional benefits at least 24 hours prior to the end of the initial course of treatment that had been previously approved for benefits. If you request additional benefits when there is less than 24 hours till the end of the initially prescribed course of treatment, your request will be handled as if it was a new request for benefits and not an extension and, depending on the circumstances, it may be handled as an Urgent or Non-Urgent Care Pre-service request for benefits.
- If the Claims Administrator receives your request for additional benefits at least 24 hours prior to the end of the initial course of treatment, previously approved for benefits, they must notify you of their decision regarding your request within 24 hours of their receipt of it if your request is for urgent care benefits. If the Claims Administrator denies your request for additional benefits, in whole or in part, they must explain the reason for their denial of benefits and the plan provisions upon which the decision was made. You may appeal the adverse benefit determination according to the rules for appeal for Urgent, Pre-Service or Post-Service adverse benefit determinations, depending upon the circumstances.

Non - Urgent Care Post-Service (reimbursement for cost of medical care). The Claims Administrator must notify you, within 30 days after they receive your claim for benefits, that they have it and what they determine your benefits to be. If they need more than 30 days to determine your benefits, due to reasons beyond their control, they must notify you within that 30-day period that they need more time to determine your benefits. But, in any case, even with an extension, they cannot take more than 45 days to determine your benefits. If you do not submit all the necessary information for your claim to them, they must notify you, within 30 days after they get it and tell you what information is missing. You have 45 days to provide them with the information they need to process your claim. The time period during which the Claims Administrator is waiting for receipt of the necessary information is not counted toward the time frame in which the Claims Administrator must make the benefit determination.

If your claim is denied in whole or in part, you will receive a written notice of the adverse benefit determination within the time frame stated above, or after the Claims Administrator has all the information they need to process your claim, if the information is received within the time frame noted above. The written notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision is based. You have 180

days to appeal their decision. Your appeal must be in writing. Within 30 days after they receive your appeal, they must notify you of their decision about it. Their notice to you or their decision will be in writing. If your request for benefits is still denied, in whole or in part, the written notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision is based.

You have 180 days to request a second level appeal of the adverse benefit determination to the Plan Administrator. Your appeal must be in writing. Within 30 days after they receive your appeal, the Plan Administrator must notify you of their decision in writing. If the second level appeal is denied, in whole or in part, the written notice will explain the reason for the adverse benefit determination and the plan provisions upon which the denial decision is based.

Note: You, your beneficiary, or a duly authorized representative may appeal any denial of a claim for benefits with the Claims Administrator and request a review of the denial. In connection with such a request:

- Documents pertinent to the administration of the Plan may be reviewed free of charge; and
- Issues outlining the basis of the appeal may be submitted.

You may have representation throughout the appeal and review procedure.

For the purposes of this provision, the meanings of the terms “urgent care,” “Non-Urgent Care Pre-Service,” and “Non - Urgent Care Post-Service,” used in this provision, have the meanings set forth by ERISA for a “claim involving urgent care,” “pre-service claim,” and “post-service claim,” respectively.

STATEMENT OF ERISA RIGHTS

As a participant in the Plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all Plan participants shall be entitled to:

Receive Information About Your Plan and Benefits

- Examine, without charge, at the Plan Administrator's office and at other locations, such as worksites and union halls, all Plan documents, including insurance contracts, collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

- Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated benefit booklet. The Plan Administrator may make a reasonable charge for the copies;
- Receive a summary of the Plan's annual financial report; the Plan Administrator is required by law to furnish each participant with a copy of this summary financial report.

Continue Group Health Plan Coverage

- Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this benefit booklet and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for Plan participants, ERISA imposes duties upon the people who are responsible for the operation of your benefit Plan. The people who operate your Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of you and other Plan participants and beneficiaries.

No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a federal court. In such case, the court may require the Plan Administrator to provide the materials requested and to pay you up to \$110 a day until you receive the materials, unless the materials are not sent because of reasons beyond the control of the Administrator.

If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or federal court, except that, any dispute concerning denial or partial denial of a claim must be resolved by binding arbitration as provided in the Plan booklet, unless otherwise prohibited under any applicable state or federal law. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court.

If it should happen that Plan fiduciaries misuse the Plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a federal court. The court will decide who should pay court costs and legal fees. If you are unsuccessful, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.
